

Fjord is fabulous!

We enjoyed our stay a lot, Oslo is a very interesting, modern place and the Fjord is fabulous. Staying on an island so close to centre was fantastic, great place. We even managed to swim, although not for long. Maybe we'll come back and bring our scuba stuff to explore the waters.

The accomodation was just perfect, clean, had the necessary equipment and no problems at all - except we needed a month off work instead of a weekend there.
